

**FOR ALL PARENTS AND STUDENTS WHO MAYBE CONFUSED  
ABOUT THE PURPOSE OF THE STUDENT ACCOUNTS, I OFFER  
THE FOLLOWING INFORMATION:**

(Band members make sure your parents see this!)

\*Student accounts are set up for each member of the band program at Barstow HS. This also includes the color guard and logistics members as well.

As each student participates in fundraising activities throughout his or her Aztec career, the money raised is deposited into this student funds raised account.

The students have these accounts to track and save their fundraised monies to that the money is available to them for the payment of fees and expenses when we take band trips. Fundraised money can ONLY be utilized for payment on behalf of the student for trips, events, and other band related functions.

Students fill out a money transfer slip, and their funds are transferred for payment of a trip, event, or other band related expense. The money transfer slips are available through Mr. Garvin. To transfer money, the student drops the slip in the drop box located in the band room. The transfer will be handled by the BHS Band Booster Treasurer.

ONCE MORE TO BE CLEAR...this account is not a private or personal account. It is not an account set-up for students to pay for anything outside of the program. It is simply a way of tracking the student's share of funds raised through his or her volunteer efforts throughout the year. The student's "share" of the funds raised is recorded under the student's name. When the student graduates or leaves the program, the monies left in the student's account from fundraising activities will be transferred into the general fund of the BHS Band Boosters Inc. Any personal or family related deposits that were made into a student's account will be returned.

If you have any other questions about student accounts contact any of the BHS Band Booster Inc. Board Members.
